

Microsoft Viva Insights Adoption Guide

The purpose of this document is to help you successfully attain company-wide adoption of Microsoft Viva Insights.

Discover Microsoft Viva

Microsoft Viva is an employee experience platform that brings together communications, knowledge, learning, resources, and insights in the flow of work. Powered by Microsoft 365 and experienced through Microsoft Teams, Viva fosters a culture that empowers people and teams to be their best from anywhere.

Foster a culture where people thrive

Viva Insights improves productivity and wellbeing with data-driven, privacy-protected insights and recommendations. Advanced tools help address targeted business challenges.

[Learn more](#)

Rally and motivate your employees

Viva Connections helps promote communication across the workplace. Employees can explore news, join conversations, and connect with others across the organization in the apps and devices they use daily.

[Learn more](#)

Discover knowledge and expertise

Viva Topics helps employees put knowledge to work with the help of AI in the apps they use every day. Viva Topics automatically organizes content across apps and teams with built-in security and compliance features.

[Learn more](#)

Streamline learning and development

Viva Learning promotes a culture of growth and development. It helps employees make learning a natural part of the day by bringing learning into the flow of work with the tools they already use.

Microsoft Viva Insights

Microsoft Viva Insights empowers individuals, teams, and organizations to build better work habits, achieve balance and improve business outcomes with personalized insights and recommended actions. It's part of an employee experience platform that brings together communications, knowledge, learning, resources, and insights within the flow of everyday work and collaboration in Microsoft Teams, fostering a culture that helps people be their best from anywhere.

Individuals receive personal insights visible only to them to help identify opportunities to change how they work so they can do their best work.

Manager insights make it easy to understand current team norms and take action to help teams improve productivity and wellbeing.

Advanced tools and capabilities enable even deeper analysis to help address targeted challenges most important to your organization.
